

POKER GAMES & TOURNAMENTS

Big Slick Suited!!

Tournaments

The club offers a \$20.00 buy-in, "No Limit Tournament" every Tuesday and Thursday, in which players are given \$4900 tournament chips. We average about 45 players participating. Prize money will typically be paid to the top 9 finishers, sometimes more, sometimes less, depending on the number of entrants. ALWAYS!! 100% of the entry fee is returned as prize money.

We have recently added a "Bounty" factor to our tournaments. In the "No Limit Tournaments with a Bounty", each player buys a \$5.00 bounty chip that is theirs. You get the bounty chip from any player you eliminate from the tournament. If you are eliminated, you must surrender only your bounty chip, any extras that you have accumulated are worth \$5.00 each to you.

As tournament players are eliminated, they may enter any of the cash games, if they desire.

Tournament poker is like being on the "Survivor" show, where you use every trick in the book to send the competition home.

CASH GAMES

Fixed Limit Cash Games

The club offers a variety of "Fixed Limit Cash Games" with varying buy-ins and fixed betting amounts.

Texas Hold'em limit cash games offered are:

- A \$10.00 buy-in with .25c and .25c blinds
- A \$20.00 buy-in with .25c and .50c blinds
- A \$40.00 buy-in with \$1.00 and \$1.00 blinds

On a typical night we will see about 60 players who are usually divided about evenly at the different buy-in tables.

With the intense popularity of Texas Hold'em at this time, that is the game of choice of our players. However, all forms of poker are welcome. If enough interest is exhibited for Omaha, Stud or Draw poker, they too could be played.
